## **Choosing a Primary Care Physician (PCP)**

It is important to have a primary care provider (PCP) to manage all your health care. However, *iCare* does not require you to select a PCP.

Your PCP is the physician who works with your Care Team and our plan to oversee your health care. Your PCP will arrange the covered health care services you get as a plan member.

Your PCP will help you decide if you need to see another doctor or specialist. They will also give you a referral. If there is a specialist or hospital that you want to use, ask your PCP if they make referrals to that specialist or use that hospital.

Your PCP and other providers and specialists in the *iCare* Provider Network practice culturally sensitive or culturally competent care. This means your provider gives care to patients with their individual backgrounds in mind. Examples are ethnic background and cultural beliefs. This can also include speaking the same language, having the same religious beliefs, and more.

The physicians, specialists, and other providers in the *iCare* Provider Network meet state licensing requirements. They also receive education and training to provide you medical care. If you would like more information about the people providing your health care, please call *iCare* Customer Service.

If you have a PCP, check the directory to see if he or she is part of the *iCare* provider network. If you need help picking a doctor from this book, call Customer Service at 1-800-777-4376 (TTY: 711). You may also find a PCP by using the "Find a Provider" search tool on the *iCare* web site at [www.iCareHealthPlan.org](http://www.iCareHealthPlan.org).

You can see any PCP in your plan, and you may change your PCP for any reason, at any time. It is possible that your PCP might leave our plan's network of providers and you would have to find a new PCP. We will notify you if your PCP leaves our plan's network.

You must get approval from your primary care physician before you see another doctor. Women may see a women's health specialist, such as an Obstetrician and Gynecologist (OB/GYN), nurse midwife, or licensed midwife, without a referral in addition to choosing from their primary care physician.

## **Making an Appointment**

Call your PCP when you have a health concern. Before you make the appointment make sure your doctor is part of the *iCare* provider network.

## **Getting to Your Doctor Visit**

Members can schedule a ride to get to your regular doctor visit. The State's transportation provider will arrange rides for covered medical appointments that are not an emergency. Please call the State's toll-free telephone number (1-866-907-1493) to schedule a ride to your non-emergency medical appointment. You must call 48 business hours (2 business days) before your appointment. A same-day or next day ride might be arranged in an emergency. A ride is authorized for Medicaid covered services only.

## **Getting Your Medications**

Your prescription drug benefit (also known as your pharmacy benefit) is provided by Wisconsin Medicaid. *iCare* does not provide Medicaid members pharmacy benefits.

You may get a prescription from an *iCare* network doctor, specialist, or dentist. Please remember this information:

- » Make sure the Pharmacy accepts Wisconsin Medicaid.
- » You can get covered prescriptions, certain over-the-counter items and certain disposable medical supplies at any pharmacy that will accept your ForwardHealth ID card.
- » Your ForwardHealth ID card has important information for your pharmacy. Please have your card with you. If you do not have your ForwardHealth ID card you can still go to the pharmacy. Tell them you have Medicaid. The pharmacist can call to get the needed information.

» You may have co-pays or limits on covered medications. If you cannot afford your co-pays, you can still get your prescriptions. Ask your doctor or pharmacist about medication limits.

To find a pharmacy or see what is covered or if you have questions about prescriptions, call Wisconsin Medicaid Customer Service at 1-800-362-3002.

## **Mom and Baby Program**

The *iCare* for Mom and Baby program offers care management services to pregnant members who need support during pregnancy and postpartum. We will work together to identify your needs and goals for care. *iCare* case management services can assist with the following:

- Referrals to providers
- Referrals to community services
- Education on before and after delivery care with one of our nurses
- Care coordination with your providers
- Breastfeeding and newborn needs
- Other goals or needs you have related to your health and the health of your baby

Call us with questions about the program. We are here to offer support to you and your baby.

There is no cost to members to use this program. It is an optional program. You can choose not to participate. If you join the program, you can opt out at any time.

To find out if you are eligible for the *iCare* for Mom and Baby program, call Customer Service at 1-800-777-4376 (TTY: 711). We will ask you a few questions about your pregnancy to determine your specific needs and eligibility.

## **Types of Doctors**

The doctors in this book are listed by the service they provide. Internal medicine doctors provide general medical care for adults only. Family practice doctors provide medical care for all ages. An OB/GYN doctor specializes in health care for women. They also provide care during and after pregnancy.

## **Dentists**

*iCare*'s Medicaid program dental services are available for the following counties: Milwaukee, Kenosha, Ozaukee, Racine, Washington, and Waukesha. If you live in these counties and you need to see a dentist, please call *iCare* Customer Service at 1-800-777-4376 (TTY: 711).

As a member of *iCare*, you have the right to a routine dental appointment within 90 days of your request either in writing or over the phone to the Customer Service Department. If you are an *iCare* Medicaid SSI member and live in a county that is not listed above, dental services are a covered benefit under Medicaid Fee-for-Service. If you are a BadgerCare Plus member and live in a county that is not listed above, dental services are a covered benefit under BadgerCare Plus.

## **Specialists**

If you need to see a specialist, your PCP will refer you to one in the *iCare* Provider Network. We want to help you. Call Customer Service at 1-800-777-4376 (TTY: 711) if you have questions about a referral or specialist in the *iCare* network.

## **Behavioral Health and Substance Abuse Services**

*iCare* provides mental health and substance abuse (drug and alcohol) services to all members.

A behavioral health (BH) care professional is someone who can help people get relief from mental health conditions. A BH care professional can be a psychiatrist, psychologist, social worker, marriage and family therapist, psychiatric nurse, or counselor with mental health training.

They can help you find ways to improve mental wellness. Anxiety, depression, bipolar, schizophrenia and other mental illness are common conditions. These conditions can be difficult to manage alone and even harder if someone is also using alcohol or drugs to cope.

They can also help you adjust to difficult or challenging life experiences. Examples include losing a job, having problems in school, or having family difficulties.

Sometimes an inpatient hospital stay is a necessary step in getting help with a behavioral health or substance abuse challenge. If you are admitted to a hospital for one of these conditions, we will outreach to you. We will offer care management services, so you get the follow up care you need. We will also support you through your recovery. We can help with follow up appointments and rides. We can also connect you to education, community resources and other supports you need.

If you need these services, call your primary care physician. You can also call your *iCare* behavioral health manager or Care Team.

You do not need to get prior authorization (PA) for behavioral health services. You do not need to get PA for substance abuse services. However, you do need a PA for urine drug screens. The drug screen must be for treatment purposes to be approved. *iCare* does not cover drug screens for employment or non-medical purposes.

You must use a provider in the *iCare* Provider Network Directory for these services.

There is no cost to members to use these programs. You can choose not to participate.

We are here to help. Contact us if you have questions about these services.

To request this program and for help coordinating care, please call *iCare* Customer Service at 1-800-777-4376 (TTY: 711). Customer service is available 24 hours a day, 7 days a week. Our office hours are Monday through Friday, 8:30 a.m. to 5:00 p.m.

If you are in danger or having a medical emergency, call 911. If you are having thoughts of suicide or hurting yourself, call your county's crisis line (<https://www.preventsuicidewi.org/county-crisis-lines>) or the National Suicide Prevention Lifeline at 1-800-273-TALK (8255).

All services provided by *iCare* are private.

## **Questions?**

We want to help you. Call us if you have questions. Customer Service: 1-800-777-4376 (TTY: 711).

For more information about what is covered and not covered in your *iCare* plan, please refer to the BadgerCare Plus and Medicaid SSI member handbook. It is available on our web site [www.iCareHealthPlan.org](http://www.iCareHealthPlan.org) or you can get a copy by calling Customer Service.

*iCare's* provider listing is updated every month. Call Customer Service or your doctor's office to find out if the doctor you want to see is currently in the *iCare* network.

*iCare* cannot promise that the providers you use will be covered under the plan. If your doctor leaves the network, we will help you select an *iCare* provider. If your doctor leaves, we can also arrange for you to stay with your doctor until the end of your care plan.
