Introduction

This booklet provides a list of *iCare* Family Care Partnership's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and *iCare* Family Care Partnership's formulary.

When this pharmacy directory refers to "we," "us", or "our," it means Independent Care Health Plan. When it refers to "plan" or "our plan," it means *iCare* Family Care Partnership.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under *iCare* Family Care Partnership only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 09/30/16. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery service. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, including for instructions on how to submit claims for prescriptions that you had to fill at a non-network pharmacy, please see the first and last cover pages of this directory for information on how to contact us.

The network of pharmacies in this directory are divided into five categories:

Retail Pharmacies, including Chain Pharmacies

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery service.

To refill your mail order prescriptions, you have the option to sign up for an automatic refill service. Under this service, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill service, please contact us 7-10 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill service, please contact us by phone at 1-800-777-4376 or, for TTY users, 1-800-947-3529, TRS Relay number 711.

Typically, you should expect to receive your prescription drugs from 3 to 5 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please

contact us at 1-800-777-4376, TTY 1-800-947-3529, TRS Relay number 711, or Novixus at 1-877-668-4987.
