C. Changes to our network providers and pharmacies

Amounts you pay for your drugs depends on which pharmacy you use. Our plan has a network of pharmacies. In most cases, your prescriptions are covered only if they're filled at one of our network pharmacies.

Our provider and pharmacy networks have changed for 2027.

Please review the 2027 *Provider and Pharmacy Directory* to find out if your providers (primary care provider, specialists, hospitals, etc.) or pharmacy are in our network. An updated *Provider and Pharmacy Directory* is located on our website at www.icarehealthplan.org/Find-a-Provider.htm. You may also call Customer Care at the numbers at the bottom of the page for updated provider information or to ask us to mail you a *Provider and Pharmacy Directory*.

It's important that you know that we may also make changes to our network during the year. If your provider leaves our plan, you have certain rights and protections. For more information, refer to **Chapter 3** of your *Evidence of Coverage* or call Customer Care at the number at the bottom of the page for help.

D2. Changes to drug coverage

Changes to our Drug List

Our List of Covered Drugs is also called the *Drug List*. A copy of our *Drug List* is posted online at www.icarehealthplan.org. You may also call Customer Care at the numbers at the bottom of the page for updated drug information or to ask us to mail you a *List of Covered Drugs*.

We made changes to our *Drug List*, which could include removing or adding drugs, changing drugs we cover and

changes to the restrictions that apply to our coverage for certain drugs or moving them to a different cost-sharing tier.

Review the *Drug List* to **make sure your drugs will be covered next year** and to find out if there are any restrictions or if your drug has been moved to a different cost-sharing tier.

Most of the changes in the *Drug List* are new for the beginning of each year. However, we might make other changes that are allowed by Medicare and/or the state that will affect you during the calendar year. We update our online *Drug List* at least monthly to provide the most up to date list of drugs. If we make a change that will affect a drug you're taking, we'll send you a notice about the change.

If you're affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
 - You can call Customer Care at the numbers at the bottom of the page to ask for a *List of Covered Drugs* that treat the same condition.
 - This list can help your provider find a covered drug that might work for you.
 - If you're affected by a change in drug coverage at the beginning of the year or during the year, review **Chapter 9** of your **Evidence of Coverage** and talk to your prescriber to find out your options, such as asking for a temporary supply, applying for an exception, and/or working to find a new drug. Call Customer Care at 414-777-4376 (TTY users call: 711) for more information.
- Ask us to cover a temporary supply of the drug.
 - In some situations, we cover a **temporary** supply of the drug during the first 90 days of the calendar year.
 - This temporary supply is for up to 30 or 31 days. (To learn more about when you can get a temporary supply and how to ask for one, refer to **Chapter 5** of your *Evidence of Coverage*.)
 - When you get a temporary supply of a drug, talk with your doctor about what to do when your temporary supply runs out. You can either switch to a different drug our plan covers or ask us to make an exception for you and cover your current drug.

Changes to drug costs

Because you're eligible for Medicaid, you get Extra Help from Medicare to help pay for your Medicare Part D drugs.

There are two payment stages for your Medicare Part D drug coverage under our plan. How much you pay depends on your level of Extra Help and which stage you're in when you get a prescription filled or refilled. These are the two stages:

Stage 1 Initial Coverage Stage	Stage 2 Catastrophic Coverage Stage
During this stage, our plan pays part of the costs of your drugs, and you pay your share. Your share is called the copay. You begin this stage when you fill your first prescription of the year.	During this stage, the plan pays all of the costs of your drugs through December 31, 2027. You begin this stage after you pay a certain amount of out-of-pocket costs.

The Initial Coverage Stage ends when your total out-of-pocket costs for drugs reaches **\$2,400**. At that point, the Catastrophic Coverage Stage begins. Our plan covers all of your drug costs from then until the end of the year. Refer to **Chapter 6** of your *Evidence of Coverage* for more information on how much you'll pay for drugs.

Under the Manufacturer Discount Program, drug manufacturers pay a portion of our plan's full cost for covered Part D brand name drugs and biologics during the Initial Coverage Stage and the Catastrophic Coverage Stage. Discounts paid by manufacturers under the Manufacturer Discount program don't count toward out-of-pocket costs.

D3. Stage 1: "Initial Coverage Stage"

During the Initial Coverage Stage, our plan pays a share of the cost of your covered drugs, and you pay your share. Your share is called the copay. The copay depends on what cost-sharing tier the drug is in and where you get it. You pay a copay each time you fill a prescription. If your covered drug costs less than the copay, you pay the lower price.

The following table shows your costs for a one-month supply filled at a network pharmacy with standard copays in each of our 5 drug tiers. These amounts apply **only** during the time when you're in the Initial Coverage Stage.

The drug costs shown are for members who qualify for Medicare's Extra Help program. If you no longer receive Extra Help, you may pay more for your prescriptions. You will receive a letter with your new drug costs.

Most adult Part D vaccines are covered at no cost to you. For information about the costs for a long-term supply or for mail-order prescriptions go to **Chapter 6, Section D** of your *Evidence of Coverage*.

The plan covers all of your drug costs from then until the end of the year. Refer to **Chapter 6** of your *Evidence of Coverage* for more information about how much you pay for drugs.

D4. Stage 2: "Catastrophic Coverage Stage"

When you reach the out-of-pocket limit **\$2,400** for your drugs, the Catastrophic Coverage Stage begins and you pay nothing for your covered drugs. You stay in the Catastrophic Coverage Stage until the end of the calendar year.

For more information about your costs in the Catastrophic Coverage stage, refer to **Chapter 6** of your *Evidence of Coverage*.

E. Choosing a plan

E1. Staying in our plan

We hope to keep you as a plan member. You don't have to do anything to stay in our plan. Unless you sign up for a different Medicare plan or change to Original Medicare, you'll automatically stay enrolled as a member of our plan for 2027.

E2. Changing plans

Most people with Medicare can end their membership during certain times of the year. Because you have Family Care Partnership you have some choices to end your membership in our plan including any month of the year.

In addition, you may end your membership in our plan during the following periods:

- The **Open Enrollment Period**, which lasts from October 15 to December 7. If you choose a new plan during this period, your membership in our plan ends on December 31 and your membership in the new plan starts on January 1.
- The **Medicare Advantage (MA) Open Enrollment Period**, which lasts from January 1 to March 31. If you choose a new plan during this period, your membership in the new plan starts the first day of the next month.

There may be other situations when you're eligible to make a change to your enrollment. For example, when:

- you moved out of our service area,
- your eligibility for Family Care Partnership or Extra Help changed, **or**
- you recently moved into or are currently getting care in an institution (like a skilled nursing facility or a long-term care hospital). If you recently moved out of an institution, you can change plans or change to Original Medicare for two full months after the month you move out.

Your Medicare services

You have three options for getting your Medicare services listed below any month of the year. You have an additional option listed below during certain times of the year including the **Open Enrollment Period** and the **Medicare Advantage Open Enrollment Period** or other situations described in **Section E2**. By choosing one of these options, you automatically end your membership in our plan.

To get information from Medicaid you can call the Wisconsin Department of Health Services (DHS) at 1-800-362-3002. TTY/TDD users should call the Wisconsin Relay System at 711. You can also visit the Medicaid website at www.dhs.wisconsin.gov/medicaid/index.htm.

F7. The Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a payment option that may help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January-December) as monthly payments. Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, you don't need to do anything to continue participating in 2027. This payment option might help you manage your expenses, but it doesn't save you money or lower your total out-of-pocket drug costs.

"Extra Help" from Medicare and the HIV Drug Assistance Program (HDAP), for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan alone. To learn more about this program please contact us at the phone number at the bottom of this page or visit www.Medicare.gov.
