

iCare Family Care Partnership Additional Covered Drug - 2021

These prescription drugs are not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for these drugs does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for these drugs. Please call Customer Service for further information at 1-800-777-4376, 8:00 am to 8:00 pm, 7 days a week. TTY/TDD users should call 1-800-947-3529.
