Your OTC Benefit

As a member of *iCare* Medicare Plan, you get a Health & Wellness benefit called “Over-the-Counter” or OTC. Each month *iCare* will deposit \$100 (\$300 a quarter) into an account that is linked to a benefits card so you can purchase Medicare-approved OTC items like bandages, pain relievers, cold medicine, toothpaste, vitamins, and much more.

This added health plan benefit does not cost you anything.

Funds expire at the end of each quarter, even if you haven’t used it all. At the beginning of each quarter, your account will start again at a \$100 balance. Remaining monthly funds can be rolled over month-to-month, but unused balances expire at the end of each quarter on March 31, June 30, September 30 and December 31 or if you disenroll from the plan.

The table below is an illustration on how the monthly dollar amount and quarterly roll-over work. Remember, unused money WILL NOT rollover from one quarter to the next.

iCare Social Services and Programs

The iCare Medicare Plan brings together health care and social services into one program. Your Care Coordinator (CC) is here to help you with this program.

If you are concerned about losing your benefits, having trouble managing your day-to-day activities, or just want to learn something new, your CC is here for you. Ask them about the following programs and others that may be available.

iCare Community Health Workers and Health Coaches

We offer a team of Community Health Workers (CHW) / Health Coaches (HC) that can help you and your family with any social services you may need. If you sign up for the program, a CHW / HC is selected for you by your zip code. The CHW / HC knows what services are available for you where you live. They can connect you and your family with resources such as:

- » Housing
- » Doctors or medical care
- » Education
- » Alcohol or drug abuse treatment
- » Food and clothing banks
- » Social service agencies

The CHW / HC will also provide health education resources and information. They will provide support and guidance to you through face-to-face home or facility visits or by phone. There is no cost for you to use Health Coaching Services.
