Urine Drug Screen Provider Education

Standard Benefit

As a standard benefit, all iCare members will receive 6 urine drug screens per year

- No clinicals or order needed, simply fill out the PA form on the iCare website at https://www.icarehealthplan.org/Prior-Auth-Forms
- PA must be submitted annually to renew this benefit
- Icare will accept retro authorization requests for up to 14 days after the first UDS was administered
- PA for presumptive (over the benefit level of 6) and definitive tests (regardless of indication for treatment) may be submitted for 1-year intervals

Indications for Treatment

B. AODA treatment

- All members will receive the benefit level of 6 UDS screens with the submission of a PA form (no further documentation necessary)
- In addition to the benefit level of 6 UDS’s, providers may request 50 presumptive and 25 confirmatory tests in the calendar year.
- The request must be received within 14 days of member beginning AODA treatment
Overages

- If providers wish to submit for UDS over the annual 6 benefit level presumptive tests then they must do the following:
- Assess whether your member is in COT or AODA. If not please submit with clinicals for medical review
- Fill out the PA form on the iCare website at [https://www.icarehealthplan.org/Prior-Auth-Forms](https://www.icarehealthplan.org/Prior-Auth-Forms)
- Include amount of UDS’s requested and time frame
- Include doctor’s notes that support ongoing need and a signed MD order

All requests for over the standard benefit of 6 UDS’s will need to be submitted within 14 days of the first UDS to be considered timely submissions

Definitions

For the purposes of this policy a “Standard Benefit” is one that is automatically received as a part of the members benefit package and requires notification of Prior Authorization to access the benefit. This allows iCare PA to identify if a member is utilizing multiple providers improving safer prescribing for members and providers.
