Introducing iCare's new CEO/President

In December, we shared a [press release](#) announcing the iCare acquisition by Humana Inc. Since iCare's inception in 1994, Humana was a 50 percent owner of iCare in a joint venture with the Centers for Independence, Inc. (CFI). On January 1, 2021, Humana officially acquired CFI's shares.

I fully support this transition and acquisition. I am still actively involved with iCare as Vice President & Chief Administrative Officer. I'd like to introduce you to iCare's new CEO/President: Tony Mollica.

Tony will lead iCare to help members of all iCare lines of business achieve their best health.

Tony has served as Humana's *VP, Regional Market President – Medicaid CEO* and previously as *Director of Innovation* and as *Director, Corporate Strategy and Population Health* and *Director, Product Management & Strategy, Medicaid/Medicare – Dual Eligibles, LTSS, & Behavioral Health*.

Tony received his Masters of Healthcare Innovation degree from Arizona State University as well as a Masters of Business Communication and Organizational Development degree from Illinois State University, and a Bachelor of Science degree in Business Administration, Management and Operations from the University of Wisconsin – River Falls. His family are Wisconsin natives and he spent the majority of his early adult years in the state.

Tony wanted to share a few comments:

Tony Mollica

“Just as Humana is excited to fully participate in Wisconsin, I am excited and honored to be entrusted with my new role. As a team, we are focused on member experience and the quality of outcomes we can deliver with the great assets that the iCare team has developed over the years.”

“I’ve been impressed with the passion iCare associates bring for our members. In all we do moving forward, we will continue to provide meaningful solutions and services that meet the needs of our members, just like we always have in the past. I look forward to meeting more people at the organizations iCare works with, including community organizations, legislators and advocacy groups, among others.”

This is an exciting new chapter for iCare and for Wisconsinites. Please join me in welcoming Tony Mollica.
